## **SeeClickFix (New Haven, CT)**

[Webpage](#) / [Twitter](#) / [Facebook](#)

### **Contact**

[Gary Wright](#), Director of Engineering

### **Summary**

SeeClickFix is a communications platform for citizens to report non-emergency issues, and governments to track, manage, and reply--ultimately making communities better through transparency, collaboration, and cooperation.

They say all politics is local. While we're not political, we do believe that changes that have a real impact on our daily lives occur at the neighborhood or city level. It's our goal to provide the best tools for residents and governments to communicate for all sizes, populations, and budgets.

## Fantasy Squared (Fairfield, CT)

[Fairfield University Article](#) / [Twitter](#)

### Contact

[Eric Iannacone](#), Founder

### Summary

Fantasy Squared is a online resource for fantasy sports players. Our goal is to make your fantasy sports experience more easier and enjoyable. Through league communication tools, global fantasy rankings, and original content fantasy sports players will be able to connect, share, and compete with one another in an all new way. Being fantasy sports players ourselves, we've had years to think of creative solutions to the problems users face on the larger websites. We are a young company building the first version of our product, but already have users excited for what we will do next.

# My Home Pro Network (Hartford, CT)

[Webpage](#) / [Facebook](#)

## Contact

[Nicholas Pontacoloni](#), CEO

## Summary

My Home Pro Network is the first Relationship Marketing platform in real estate. Our SaaS Product helps Real Estate Agents curate and share their digital network of trusted home-related businesses with their customers. And, our Marketing Services help local home-related businesses advertise to local agents at scale.

We believe that Real Estate Agents can add more value to their local economy by connecting their homebuyer, seller, and homeowner clients with local professionals (mortgage lenders, real estate lawyers, home insurance agents, home inspectors, and contractors, etc.) This in turn helps the network generate more repeat business and referrals.

# NXEGEN (Middletown, CT)

[Webpage](#) / [LinkedIn](#)

## Contact

[Lili Delalat](#), CTO

## Summary

NXEGEN provides energy efficiency, measurement and control services on cost-effective basis for large, medium and small commercial, industrial, governmental and institutional users.

We offer monitoring services that provide clear, concise and timely information to our customers, so that they can better understand and control their energy costs. Our monitoring services can be used for any metered commodity, including electricity, natural gas, steam and chilled water. Load management services extend our monitoring services through the addition of non-intrusive control devices to actively control energy use during high cost periods of the day.

## **Shoplandia (Stamford, CT)**

[Webpage](#) / [Twitter](#) / [Facebook](#) / [Instagram](#)

### **Contact**

[Zia Karim](#), CTO

### **Summary**

Mobile video creation and viewership is experiencing exponential growth. But for product videos, there is a gap between engaged viewers and actual transactions. Shoplandia is bridging that gap. Shoplandia is the first end-to-end shoppable video creation and streaming platform for the mobile age. With our mobile app, p2p sellers/retailers can easily add 'buy' buttons to their product videos, empowering shoppers to instantly purchase direct-from-video.
